

Stylist and Barber Job

Are you a new stylist looking to develop your hair skills with a master stylist mentor in a dynamic team environment? Come apply at our salon!

Are you a seasoned stylist with a steady clientele that wants to work in a high end salon? Come apply at our salon!

Are you an up and coming stylist that wants to learn through our academy and start as an assistant, learning hands-on while you work and gain valuable experience? Come apply at our salon!

Kantor & Company is an elite salon located in the heart of downtown Boulder. We are looking for all levels of stylists to build out our team and offer a variety of service levels for our clients. We are passionate about creating individualized haircuts and colors for our clients and providing top notch service, so that each client leaves feeling better than when they walked through our doors. We also believe in stylist development and strive to provide a learning environment for each of our employees. Kantor & Company is not only a salon, but a hair academy devoted to teaching the craft of Owner and Master Stylist, Eileen Kantor. All of our stylists are employees when they are hired, and enjoy the mentorship of the owner and our team of talented stylists as they learn and grow in their craft. We offer continuing education, as skill development is paramount in becoming the best stylist you can be.

Some of our immediate needs:

- Advanced stylists with knowledge of cuts, color, and styling
- Entry level stylists ready to learn and train
- Men's cuts - clippers, scissor cuts, fades
- Youth cuts
- Special event hair

We believe in work-life balance for our stylists and self-care for each stylist, as a way to increase vitality in our employees and our salon. We strive to be a sustainable salon, utilizing industry leading recycling practices. We support each of our employees in their individual expression. Kantor & Company is an equal opportunity employer and high end salon serving all individuals with a relationship-based approach. We are family friendly and support the non-binary community, being inclusive to all.

Our customer pricing and commission pay is dependent on years of experience, clientele offering, and holding a current license. We pay the better of an hourly wage or commission earned while booked.

Our hourly wage is \$16 or 45% of the commission of service totals (minus backbar charges) plus tips. 10% retail commission will be applied toward an employee's education fund once the minimum of \$200 retail sales is reached during any given pay period. This savings account is to be used for supplies, work related classes for the stylist, body work, related equipment purchases, and other such expenses associated with professional development and continued education. All full-time employees enjoy 2 weeks (unpaid) vacation time per year. We are closed on all major holidays.

We encourage all levels to apply and those waiting on their license. We can offer Assistant positions to those up and coming stylists.

To apply please submit a resume to: kantorandcompany@gmail.com.
